DIAGRAM OF IMPROVEMENTS WHICH ARE PLANNED FOR THE DEVELOPMENT OF VISTA GRANDE PARK

Baseball diamond and football field are to be laid out on lower westerly level of park, and bleachers will be constructed on the north embankment. Three tennis courts, which may be lighted for evening play, are provided on the second level at the middle portion of the park. Dressing quarters will be available at the field house. On the eastern apex (an area not shown in this diagram) there will be developed a well equipped playground. The entire park site will be landscaped with turf, shrubbery and trees.

Lagomarsino Again Sentenced To Jail

Raymond Lagomarsino is once more serving time. Less than one year after winning his freedom from dreaded Alcatraz, the "Colma Bad Boy" has been sent to San Quentin.

Sentence of from one to ten years was imposed by Superior Judge A. F. Bray of Contra Costa County, after the jailbreaker pleaded for probation and was denied by Probation Officer Francis Robinson.

Lagomarsino began his crime career by robbing the Colma post office. He was granted probation. A short time later he was sent to prison for breaking his probation by stealing a car and running down and killing a newsboy on Mission street.

When Alcatraz was made the federal prison Lagomarsino was placed on "the rock." Last spring he won his freedom on a writ and only recently a high court decision was handed down upholding his contention that he should serve only one sentence even though three pieces of mail were taken.

Lagomarsino was arrested in September as a suspect in the robbery of Out of Town Club. Identification of Lagomarsino could not be made and he was freed.

PLANS COMPLETED FOR VISTA GRANDE PARK IMPROVEMENT DREAM OF PIONEERS IS NEAR

Baseball Diamond, Football Field, Playground, Tennis Courts To Be Developed on Site

A dream of progressive Daly City pioneers, the development of a beautiful recreational park, is now well on its way toward realization as plans for the improvement of Vista Grande Park have been whipped into shape and included in the present civic building program.

When Daly City was still sparcely settled, a public spirited citizen donated to the city the site which lies between North and South Park avenues in the Vista Grande tract. Till this time little has been done to develop the area, except general grading macadamizing of the upper level and installation of a stone monument at the eastern apex.

This week the city council has provided that 60 acacia, red gum and flowering eucalyptus trees be plant-

S. M. County May Consider Road Tax

One of the paramount issues in the preparation of the 1937-38 San Mateo County budget is the laying of a new program for road upkeep and improvement. Due to the present situation which prevails in the county road system it will be necessary to entirely revamp the present maintenance program.

Responsibility for eliminating dangerous conditions following a severe winter now faces the Board of Supervisors. Urgent repairs and improvements are necessary in many sections.

The board has requested County Engineer Marshall to supply a detailed list of names and mileage of roads in the first, second, third and fourth class systems, and particularly those roads accepted by the county under blanket resolution last year. This listing will supply a groundwork which supervisors may determine the extent of their 1937-38 program.

Road Maintenance funds financed by state gas tax apportionment have been greatly depleted, particularly as a result of current storm damage.

A definite program will be necessary for 1937-38, and if the county is to limit its road activities to the amount of gas tax revenue it must base a budget on a four or five year plan, taking in new roads.

the supervisors that a general fund outlay for road purposes, or even partial restoration of the old road tax, may be required in the face of heavy demands for maintenance and improvements.

"The present situation is very bad," one board member recently declared. "Sitxy-six per cent of the 1936-37 road budget has been spent in the first six months, from necessity. The engineer probably will be forced to call on the board for additional funds before the end of this fiscal year."

It has been recommended that the road program for the next fiscal year be set up immediately in order that the supervisors may "know where they stand."

Jaysee To Give Founders Program

All mothers interested in San Mateo Junior College are cordially invited to attend the Founders Day program to be held at the college, Thursday afternoon of next week at 2 o'clcok. Charles S. Morris, principal of the college, will address the group.

Mrs. Winifred Jeppesen, president of the Junior College Mothers Club, is arranging the founders program.

MEMBERS OF D. C. MERCHANTS ASSOCIATION ARE TO GIVE AWAY $139 RADIO AND $89 WASHER

Local Business Houses Will Present Numbered Coupons With Each Purchase

Members of the Daly City Merchants Association are sponsoring a local trading campaign through which there will be given away, free, a $139.50 Crosley radio and an $89.50 Apex washing machine.

The program is to start Monday of next week. Business houses will present numbered coupons with each purchase. A container will be provided in each store in which stubs of the coupons are to be dropped.

On April 17 a public drawing will be held at the city hall to determine winners of the prizes. The radio is an eleven tube, "Cathedral Model" set. The washer, a machine of beauty and efficiency, is equipped with a pump and double dasher.

Suicide Attempt In Daly City Jail

Eugene Consono, 56, Colma, was treated at the Community Hospital, Saturday of last week, for injuries inflicted in what police termed a suicide attempt while he was in the Daly City jail.

Consono asked police last Friday night for permission to sleep in the jail. Soon after being booked he slashed his left wrist with a concealed pocket knife, the officers said. The injured man was taken to the hospital, where two stitches were taken to close the wound.

Aside from being weak from loss of blood, Consono's ocndition is not serious, hospital attendants reported.

Recommends County Buy Park Land

Another link may be added to the San Mateo County chain of parks and public beaches. The county planning commission recommended, at a regular meeting late last week, that the Board of Supervisors purchase a 20 acre site on Bay road between Marsh and Willow roads, for a neighborhood recreational area for the North Fair Oaks district. The property is part of the Flood estate.

The planners requested the supervisors to get officially behind the five point alternate rapid transit plan for speeding peninsula commuter service in San Francisco, and to continue negotiations with the Market Street Railway Company for im-

Second Smashup On "Death Curve" In Week—Total Of Four Killed

A terrific collision at 9 a. m., Sunday of this week, on "death curve" at the bone coal plant on Bayshore highway brought death to two men and one woman and left a boy so critically injured that physicians despaired of his life. This was the most serious smashup recorded on Bayshore since a post Big Game accident snuffed out the lives of three persons a year and a half ago.

The collision brought to four the week end fattilities and set at 12 the toll for 1937, since George A. Jones, San Francisco apartment house man-

PRESS PROTESTS COUNTY BOARD MEETING CHANGE

Assemblyman Call And Senator Parkman Are Guest Speakers At Publishers Meeting

The San Mateo County Press Association, at a recent dinner meeting, protested the change of date of meeting of San Mateo County Supervisors from 10 a. m. Mondays to 1 p. m. Wednesdays.

The shift in meeting dates was authorized by the supervisorial board three weeks ago and is to become effective in one more week, it was understood.

Publishers, discussing the proposed change, pointed out that the 1 p. m. hour makes it impossible for San Mateo County papers to get full reports of proceedings at meetings in time for publication the same day, the three dailies all being afternoon papers and the weeklies going to press too soon after meetings to get full coverage.

In addition, one member declared that "the change is playing right into the hands of San Francisco papers," which, "wishing to exploit this county" will have first break on news from the supervisor meetings.

The opinion was also expressed that the convenience of the citizens of the county at large should be considered, rather than that of members of the Board of Supervisors alone. The latter was given by members of the board as the reason for the meeting date change.

Assemblyman Harrison W. Call and Senator Harry L. Parkman were guest speakers at the dinner meeting. They pointed out that the state was vitally interested in road development in this area and that improvements and extension have been slated for Junipero Serra boulevard, El Camino Real and Bayshore highway.

HEALTH DEPT. CAMPAIGNS FOR PUBLIC WELFARE

Local Officers Successfully Control Disease In Daly City During Winter

With the unusually cold and stormy winter, the extent and severity of disease has been unusual, reports Dr. A. A. Shaghoian, local public health officer.

Along with the usual communicable diseases—measles, scarlet fever, chicken pox, whooping cough, mumps and common colds—there have been many cases of influenza and pneumonia.

A minor diphtheria epidemic among school children also became apparent recently. Five children contracted the disease. The health officer quickly discovered the cases, quarantined them and launched a program to prevent a serious epidemic.

With the consent of the Board of Health, Dr. Shaghoian hired a public health nurse for two weeks who co-operated with county and local authorities in inspecting schools, visiting homes of all children absent from school and making nose and throat examinations and taking cultures.

All the children who had the disease, their families and all immediate contacts were examined. In some instances whole class rooms were examined to find out if any pupil harbored the diphtheria germ in his nose or throat.

PROBE RENEWED IN GIANT AIRWAY LINER ACCIDENT

Missing Motor Of Plane Is Found And Examination Shows Broken Gear

C. E. Johnson, division superintendent of United Air Lines, said, early this week, that mechanical failure might have caused the air crash at Mills Field which claimed the lives of eleven persons.

After examining the right motor of the plane which was recovered from bay waters, Johnson reported the reduction gear of the motor was broken in two places. This may have been caused by a breakdown in the gears, or by vibration of a broken propellor, aviation experts said.

INQUIRY RENEWAL SET

Belief that the crash of a United Airline plane, on February 9, was due to a mechanical failure, was strengthened following recovery of the right motor of the giant Douglas airliner, which was missing when the plane wreckage was found.

The motor was brought up, late Sunday of this week, by grappling hooks nearly a mile northwest of the spot where the plane crashed. Because the ship was southbound at the time of the accident, it was believed that the motor may have been torn loose from the plane when it was turning to make a landing.

Searchers reported also that they found a landing wheel which had been missing. Part of the missing right wing was found Monday afternoon near the spot where the motor was located.

MOTOR SEALED

The motor was taken to Oakland where, after it was cleaned of mud and silt, it was sealed and will be held for an official examination later.

Department of Commerce officials prepared to reopen their investigation into the disaster. A previous inquiry was postponed with the an-

nouncement that it would be resumed as soon as the missing motor, believed to be a vital part of the evidence, was recovered.

MAY HAVE TORN OUT

A coroner's inquest previously concluded that the 11 victims, five of whose bodies still are missing, died as a result of drowning rather than from injuries suffered as a direct result of the crash.

The propeller was not on the motor when the engine was retrieved from the mud. This indicated, experts said, that the propeller may have fallen off first, and the motor, freed from driving the propeller blades, had torn itself from its moorings.

Airmen theorized that although the airplane was capable of flying with one motor, the loss of a motor at such a low altitude as the ship was coming in to land, might have caused the plane to drop suddenly. Perhaps, they said, the drop was just sufficient to hook the left wing into the water, and somersault the ship over on its back.

SEARCH TO CONTINUE

Company officials said that the search for the propeller would be continued, "because this additional evidence is important to the Bureau of Air Commerce and air line executives in reconstructing the accident."

It is believed location of the propeller blades will be very difficult, in view of the long search required to find the bulky motor.

Prior to recovery of the engine and the missing wheel, Walter Harris, one of the searchers engaged in dragging the bay, reported that he found garments wrapped around the propeller of his motor boat.

MAY BE GIRL'S CLOTHES

Harris said the boat struck an object in the water, shuddered at the impact, and then went on. After the boat was taken to drydock, an examination disclosed a green skirt and blue shirt wrapped around the propeller. Police said the skirt may have belonged to Miss Gertrude Grennan, passenger on the plane Grennan, passenger on the plane.

Investigators said the object may have been the body of one of the nine missing workmen who perished in the Golden Gate bridge accident last week. The body of only one of the ten victims was recovered.

Activities Of P. T. A. At Crocker School

On Wednesday of last week, Crocker P. T. A. met at the home of Mrs. Ann Eason on Hanover street for luncheon, which was followed by a study circle under the direction of Mrs. Eason, study circle chairman. The subject of citizenship was selected as a study topic and a course outlined.

A special meeting was called, Tuesday of this week, at the home of Mrs. Bernadine Lewis for the election of a nominating committee. Those elected were Mrs. Ann Eason, Chairman; Nell Caine, Rose Watson, Lillian Cavagnaro and Mrs. John Kinsey. There will be a meeting of the nominating committee at the home of Mrs. Eason, Monday of next week.

Yesterday a candy sale was held in Crocker School. Mrs. Gertrude Walker acted as chairman.

The president, Mrs. Orvilla D. Pauw, and a group of her officers motored to Burlingame, Friday of last week, to witness the Founders Day program of the Seventeenth District.

Tombstone Stolen By S. F. Youths

Two San Francisco youths, Thomas McCarthy, 26, welder, and Joseph McGinn, 27, machinist, were jailed in Daly City, Tuesday of this week, after they confessed stealing tombstones. The pair was transfered to the county jail at Redwood City and charged with grand theft.

Questioned, the youths admitted stealing three marble statutes from the Fontana Marble Works. Judge Clay set their bail at $1000 each, in default of which they remained in jail.

"Cootie" Game

Mrs. Rose Watson of Evergreen avenue will sponsor a "cootie" game to be held, Friday afternoon of next week, at the General Pershing School for the benefit of the Parent Teachers Association.

PUBLIC HEALTH PROGRAM PLAN BY D. C. BOARD

Councilmen, Commissioners And Chiefs Are To Discuss Procedure of Appointments To Fire Department

Councilmen, at their meeting Monday evening of this week, discussed the responsibilites, jurisdiction and duties of the Daly City Health Department in matters of public welfare in this community.

Dr. A. A. Shaghoian, local health officer, reported a diphtheria epidemic in Daly City had recently been curbed by the efforts of her office, county authorities and local citizens. She announced that, Wednesday of this week, 100 school children would be inoculated against the disease.

"Due to the large area and population of Daly City and the small personnel of the local health department this community is faced with a problem of considerable mportance," stated Dr. Shaghoian.
lic nurse.

Councilmen advanced the opinion that the primary function of the health department is to prevent disease. To carry out that function and to give adequate public service the board plans to carry out a development program in the local department. The council, Dr. Shaghoian and school trustees met last night to discuss public school phases of such a program.

FIRE QUESTION

The Daly City Council, chiefs and assistant chiefs of all local fire companies, the fire commissioners and City Attorney Convery are to meet, March 2, to discuss the procedure of appointing new men to the fire department. At this meeting it will be determined what body has the responsibility and authority to recommend and make appointments to the department.

Harry Hutchings, 30, 242 Miriam street; Peter D. Bordson, 39, 614 Templeton avenue, and J. C. Welch, 22, 338 Templeton avenue, filed applications to become members of the fire department.

A communication was received from the American Red Cross thanking the Daly City Council for its donation of $15 for flood relief.

Local Veterans In S. F. Parade

Daly City war veterans were represented in the Washington Day parade in San Francisco. The uniformed degree team of Old Glory Post No. 2044, the Auxiliary Drill Team, the Old Glory Corps, Sons of the V. F. W. and the Old Glory unit, Daughters of the V. F. W., were represented in the spectacle.

Dancing at the Exposition Auditorium followed the parade.

ager, had been fatally injured late Saturday in Burlingame.

SECOND IN WEEK

The Sunday crash was the sscond on "death curve" in a week.

Henry Nelson, 50; his sister in law, Mrs. Josephine Nelson, 47, and Roy L. Warner, all San Franciscans, were the dead.

Mrs. Nelson and Warner were killed instantly when the machine driven by Mrs. Nelson's husband, H. F. Nelson, a salesman, was smashed into by that of Warner.

CARS DEMOLISHED

Highway Patroleman Otto Schramm and William Riley said that Warner failed to negotiate the curve by the boneyard. Nelson, who escaped almost unscratched, said that he was driving in the slow lane when he saw the machine driven by Warner hurtling toward him. In attempting to turn inside Warner's car, Nelson said his machine was struck nearly broadside by the speeding automobile. Both cars were demolished.

Henry Nelson lived an hour and a half after the accident, dying at Mission Emergency Hospital.

H. F. Nelson, following the crash, rushed his two injured sons to Alemany Hospital, Later John Nelson, 14, was transferred to Franklin Hospital, where physicians held little hope for his recovery.

DOG KILLED

Another victim of the crash was the Nelson's little pet fox terrier, killed instantly. The Nelson family was on its way to Santa Cruz for the day when tragedy intervened.

Walter Goodnight, 20, 601 Cooley avenue, East Palo Alto, was arrested for reckless driving and having an overcrowded driver's compartment after a three-car collision in which seven were hurt, late Saturday night of last week on El Camino Real opposite the Spring Valley water works at the Belmont-San Carlos city limits.

THREE IN CAR HURT

Three persons riding with Goodnight were injured. They were Leota Sachs, 18; Frances Cotrell, 18, and Charles Henderson, 21, all of San Mateo. All cut and bruised, they were given first aid at Community Hospital, then released.

Goodnight's car collided headon with that of Robert Knollin of Burlingame. Knollin suffered head injuries. His passengers, Harold Costello, 17, and Paul Holmberg, 18, both of Burlingame, were cut and bruised. They received emergency treatment at Mills Hospital.

Harry W. Sack, 30, San Francisco, driver of the third machine involved, was unhurt.

A FEW CENTS A DAY MORE THAN A LOWEST PRICED CAR!

IN January, Studebaker sales went 'way ahead of January last year . . . in fact they were the largest in the company's history for fifteen years!

And that sensational sales advance stems straight from the new 1937 Studebaker's remarkable economy which equals and often betters the best showing of the smaller lowest priced cars! Before you buy any new car, you will be smart to drive a Studebaker and find out why it's called America's spotlight car of the year!

REAL LIBERAL MUST BE CHOSEN IN STATE

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

The most important matter before the people of the nation is the reformation of the United States Supreme Court in accordance with the plan of President Roosevelt. The court must be made responsive to the needs of the country. In the last few years overwhelming evidence has been furnished, by decision after decision, that some of the members of the court are not in touch with modern tendencies.

The most important proposition before the people of the state is the choosing of a Rooseveltian type of man as candidate of the Democratic party at the primaries next year in the gubernatorial battle and then bending every effort to put that man in the high office at Sacramento.

The oligarchs are on the run nationally and there is no reason why California, with its tremendous Democratic registration, should not drive them out of power within her borders.

I see no way of the candidate of the President's party losing; if ever there was a sure winner it seems to be the candidate of the Democrats in the fall of 1938. A long way off? No; the months will fly by and in such an important matter, one affecting the lives of all citizens, it is well to make an early start. Reactionaries are already announcing they are "out" for the nomination of the opposition party. They must not be allowed to score any technical victory over the loyal followers of President Roosevelt.

* * *

United States Senator Robert M. La Follette Jr. of Wisconsin, has come out with strong support for the President's plan to "wake up" the Supreme Court. In a remarkably able address the other evening on the radio the young statesman not only advocated the adoption of the plan in its entirety, but also suggested an amendment to the constitution which would give Congress power to override a decision of the court that declared any act of Congress unconstitutional.

Senator La Follette called upon the liberals of the country to be "realists." He said:

"Liberals who hesitate or divide upon this issue must assume full responsibility if the mandate registered by the overwhelming majority of the voters at the last election is thwarted. Don't let a lot of professional legalists, paid to do the job, blind you to the woods while they are showing you the trees."

* * *

A forthright answer to the argument that the Supreme Court would become a "controlled bench" under the President's plan has been made by proponents of the reorganization. It is pointed out that in order to have a controlled bench it would be necessary to assume that at present there is a minority group in the court which the President controls and that whomever he appoints in an expanded court would be puppets for him.

President Roosevelt has not appointed any of the so-called "dissenting minority" and it would be absurd to say that he controls them; in certain instances they have agreed with the point of view of the chief executive.

Insofar as the new members to be appointed under the proposed plan are concerned, it must be assumed the President will appoint able men and once appointed he will have no power to recall them; the new members will be just as independent as any member of the court as constituted today, and all history and experience prove they will be just as likely to vote against his wishes as for them.

It is recalled often that the member of the court that is consistently opposed to all progressive laws, Justice McReynolds, was appointed by President Wilson, a liberal.

Eighteenth Annual Schools Week

The eighteenth annual observance of Public Schools Week, to be held this year beginning Monday, April 26, will have the co-operation of the California State Chamber of Commerce, according to recent reports.

The California State Chamber of Commerce has commended the eighteenth annual observance of Public Schools Week, which is dedicated to fostering in all ctiizens a better understanding and more thorough appreciation of the services performed by one of the most valuable functions of our government.

It can be easily seen that since the first observance of Public Schools Week, in 1920, citizens and business people have developed a greater confidence in our free American schools and a more profound realization of their importance to our American ideals of liberty and democracy.

A state-wide committee has general supervision of the week.

Road Progress From Valley To Mission

Visitacion avenue will soon be connected with McLaren drive to open a short direct route from Visitacion Valley to Mission street.

More than 40 men are at work on the McLaren drive, pushing to completion the connecting link to Visitacion avenue. The new road will traverse a portion of McLaren Park and will be bordered with scenic beauty.

The Visitacion Valley Improvement Club is also sponsoring other improvements: new water mains and additional land space for McLaren Field equipped with a field house and athletic facilities.

District P. T. A. Honors Founders

With Mrs. Bayliss C. Clark, Sutter Creek, president of the California Congress of Parents and Teachers, as guest and speaker, the Founders day meeting of the Seventeenth District was held, Friday of last week, in Burlingame high school.

Mrs. Jeptha A. Wade, Burlingame, chairman of the day, presented Mrs. Clark, who traced development and changes of the national association since its founding in 1897 and pointed out that the fundamental rudiments originally laid down by Alice McLellan Birney and Phoebe Apperson Hearst still remain intact. These basic principles she outlined as: more understanding on the part of the individual of himself and society, greater security for children and peace for all.

During the luncheon, which was enjoyed by more than two hundred guests, a candle lighting ceremony was held. Mrs. J. R. Spann, Burlingame, lighted a candl ein memory of the founders. Mrs. William J. Hayes, Burlingame, a past state president, lighted one for understanding. Mrs. B. C. Clark, participated for service and security, and Mrs. E. L. Miller, district president, lighted a taper for peace.

Preparations Made For Humane Week

Members of humane societies throughout the United States are preparing for the observance of be kind to animals week, April 11 to 17, 1937, with humane Sunday on April 11. Committees have been named in each city, and the campaign is well under way to focus public attention upon humane work during that time.

The movement to observe one week each year as be kind to animals week is fostered by the American Humane Association, the national federation of humane societies, at Albany, New York, and the association is making unusual efforts to have the celebration universal this year.

The committee for Northern California is composed of nineteen members, each of whom is directing the work in his locality. All are anxious to communicate with any one willing to help in the work.

TROOP NO. 141

Meets Thursday at 7 p.m. at Nazarene Church

TROOP 141

The troop meeting, held Thursday evening of last week at the Nazarene Church, was an active one. It was packed with business, programs and fun.

Four candidates—Richard King, Eldon Przbaroski, Robert Brandstrom and Allen Rigler—were on hand to start their tenderfoot tests requirements.

First aid practice problems are being worked out at each meeting and are furnishing participants and observers with much valuable experience.

The Nazarene Young Peoples Society, Sunday evening of this week, presented church streamers to the troop. The streamers will be attached to the troop flag. The Nazarene Church sponsors Troop 141.

On Washington's birthday the troop went on a hike and cooked lunch on the trail. Games, signal practice and nature study completed the trip.

Several of the scouts are attending the life saving classes which are being held every Monday evening at the Crystal Pool.

TROOP 148

At the last meeting nine boys received their tenderfoot badges. They had passed the tests with high percentages. Several other boys are at work on initial tests.

Friday evening of last week, the troop went to Sutro Baths for a swim. Two scouts passed swimming tests and one qualified for the swimming merit badge.

The troop is progressing rapidly in membership and activity. Less than six months ago there were only five or six active members. From 20 to 25 boys are now participating in the scouting program of this troop.

TROOP 151

Beans may be taboo as an army bill of fare, but ask the boys of the Indian patrol, Troop 151, as to their tastes.

Tuesday evening of this week, 28 members of the troop were regaled at their regular monthly feed. The boys spent a lively evening.

Troop 151 will soon begin preparation for a merit badge exposition.

Scouts Ben Still and John Dake have been advanced to second class rank, and Gilbert DeGuerre has received his tenwerfoot badge.

Preparation for the organization of a new cub pack, for boys between the ages of nine and eleven years, is progressing rapidly and will soon be registered. There is still room for a few more boys to become charter members.

CHANGES PLEA

J. S. Farnsworth

Withdrawing his plea of innocence to a charge of conspiring to communicate American naval secrets to Japan, J. S. Farnsworth, former naval officer, recently threw himself upon the mercy of a federal court. Federal attorneys in Washington, D. C., said they were "satisfied" with the plea of nole contedere entered by Farnsworth.

S. M. County Nets $25,809 Alcohol Tax

Unincorporated areas of San Mateo County wll receive $25,809.24 as their share of the alcoholic beverage licenses collected in 1936, the state board of equalization announced in Sacramento this week.

The distribution is based on 50 per cent of the total alcoholic beverage licenses collected during the calendar year.

"County government may expect to receive their allocations subject to minor adjustments, early in March," the announcment said. Total collections in the unincorporated areas amounted to $1,170,679.05, of which $585,337.38 will be returned.

The beverage control act also provides that 50 per cent of the earnings from license fees shall be returned to the communities from which such fees originated. In cities of 20,000 population or over, the collections amounted to $3,193,464.95 for the year.

No tabulation was announced of amounts collected in cities under 20,000 population.

Lesson Sermon Of Christian Science

"Christ Jesus" will be the subject of the Lesson-Sermon Sunday, February 28, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "Jesus Christ the same yesterday, and to day, and for ever" (Heb. 13: 8). Other Bible citations will include: "And when Jesus was come into Peter's house, he saw his wife's mother laid, and sick of a fever. And he touched her head, and the fever left her: and she arose, and ministered unto them. When the even was come, they brought unto him many that were possessed with devils: and he cast out the spirits with his word, and healed all that were sick:" (Matt. 8: 14-16).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus established what he said by demonstration, thus making his acts of higher importance than his words" (p. 473).

"SQUARE" TYPE ENGINES

If you hear of an engine of the "square" type during the next few months, as you probably will, remember it means one in which the bore and stroke dimensions of the cylinder are approximately the same.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

Mrs. H. Elmers, 137 Miriam street, again favors this column with a recipe that will be dear to the stomachs of most pie eaters.

RAISIN PIE

One and one-half cups raisins and two cups water. Let soak over night. Then add three-fourths cup sugar, pinch of salt and when this mixture boils add two level tablespoons of cornstarch dissolved in a little cold water, together with the beaten yolks of two eggs. Before removing from stove mix in one large tablespoon of butter. Pour into baked pie shell and top with meringue. Lastly brown in oven.

CINNAMON AND NUT TEA-CAKE

(From the Farmer's Wife)

After sifting measure two cups flour, sift again twice with two tablespoons sugar, one-eighth teaspsoon salt, four teaspoons baking powder. Work in one-third cup fat and add one egg beaten with three-fourths cup milk. Place dough in an oiled loaf pan, making slight depressions on the top in which to place one-fourth cup broken nut meats. Pour over one-fourth cup melted butter and sprinkle evenly with one-half cup sugar and one teaspoon cinnamon mixed together. Bake in a moderately hot oven, 400 degrees, from twenty five to thirty minutes. This amount of dough makes an eight inch loaf.

Federal Funds Are Sought By Warden

To seek a share of $10,000,000 in federal funds available for fire fighting facilities, County Fire Warden Bert Werder made a trip to Sacramento, Tuesday of this week.

"Since we have been left high, wide and handsome by the courthouse annex plans not making any provision for the county fire department garages, we're going to seek government funds for a fire department building," Werder said.

In Sacramento Werder will seek information from State Fire Chief Walter Coop, the warden said, to see "what we have to do to share in the program."

Federal Musicians In Chamber Series

Inaugurating a new monthly series of chamber music recitals at the California Club, works of Brahms and Rimsky Korsakoff will be presented, Wednesday evening of next week, by eight artists of the San Francisco Federal Music Project.

Sophia Samorukova, soprano, will present three songs each by Brahms and Rimsky Korsakoff. She will be accompanied by Harold Anderson.

The famous "Horn Trio" written by Brahms will be played by Alfred Keller, violin; Joseph Jakob, French horn, and Douglas Thompson, piano. The Rimsky Korsaff B major quintet, seldom heard in concert, wil' be played by Douglas Thompson, piano; August Rovelli, flute; Paul Pone, clarinet; Joseph Jakob, horn, and William Kellogg.

Season tickets for the series of four concerts will be available at Sherman, Clay & Co. box office.

Fifth free Workshop Recital, Tuesday evening of next week, at 400 Steiner street, will present Helena Barthe, soprano, in the Schumann "Frauenlieben und Leben" song cycle.

Coast Guard Air Base For S. F. Bay

Prompted by two recent major catastrophies, the air liner crash off Mills Field which resulted in the death of eleven persons and the Golden Gate Bridge accident netting ten dead, prompted an Oakland Democrat to introduce in Congress, late last week, a bill providing for the establishment of a coast guard air base on San Francisco Bay to provide for quick rescues.

The Atlantic Coast has six coast guard air stations while the Pacific, with one-third of the coast line of the nation, has only one.

Location of the proposed base is not yet determined, but officials expect it will be at Mills Field, where Pan American Airways now is constructing a seaplane base.

Lure Of Jungle Still Calls Her

Mrs. Martin Johnson

Mrs. Martin Johnson, widow of the famed explorer, is pictured in a Los Angeles hospital, where she has been convalescing since she was injured and her husband killed in a plane crash near San Fernando. Mrs. Johnson said she planned to return to the jungle and continue exploring as she did for 27 years with her distinguished husband. Belgian Congo will be her next "hunting ground," she said.

DEAN SUSPENDED

The California State Athletic Commission recently suspended Man Mountain Dean from wrestling competition. The 300 pound mat champion is barred from the ring for 60 days on a charge that he leaped into the air and dropped on a prostrate opponent in a Los Angeles match.

Jane Cowl In "First Lady" At Curran

One Of Greatest Comedy Successes Will Be Staged At Popular San Francisco Play House

When Jane Cowl brings her sparkling comedy success, "First Lady," to the Curran Theater in San Francisco on Monday, March 1, with matinees on Wednesday and Saturday, we shall have an opportunity of judging for ourselves whether this smart expose of Washington hostesses and social leaders, by Katharine Dayton and George S. Kaufman, lives up to all the fine things said of it during its last season run at the Music Box Theater in New York.

Of the merits of "First Lady" and Jane Cowl's performance, we have it on the authority of Gilbert Gabriel of the New York American that "'First Lady' is a bright business and an unholy joy. Whatever party you belong to, here's your ideal theater party." While John Mason Brown, critic of the New York Evening Post, says that "'First Lady' is an entertainment which gives one every excuse for cheering. It is one of the most convulsing comedies of the season." To which Robert Garland, reviewer for the New York World-Telegram, adds "'First Lady' contains some of the most brilliant topical dialogue ever spoken on the American stage."

John Anderson of the New York Journal claims that this is "the happiest and light-heartedest play the season has brought forth."

Of the play, the authors and the star, Richard Lockridge of the New York Sun contributes these paragraphs: "In 'First Lady,' Katherine Dayton and George S. Kaufman have contrived a cheerfully merciless comedy about life among the hostesses of Washington. With the utmost good humor, and the sharpest of claws, half-hidden in the quickest of paws, they dab, cat-like, at things and people, thus providing entertainment for man and sadist. It crinkles the mind in smiles."

"First Lady" was produced by Sam H. Harris.

The cast supporting Miss Cowl includes Ann Mason, Hunter Gardner, Oswald Yorke, Ethel Wilson, Thomas Findlay, Florenz Ames, Helen Brooks, Judson Laire, Diantha Pattison, King Calder, James Seeley, Carrie Reynolds, Paula McLean, Marjorie Crossland and others.

Auto Clubs In Move To Make Roads Safe

"Make good roads safe roads." This was the policy jointly subscribed to in a statement issued recently by two California automobile clubs.

The keynote of the statement was that development of good roads in California has now reached a point where emphasis must be shifted to making those roads capable of safely handling modern traffic volumes.

Divided highways with center construction entirely separating opposing streams of traffic and with separated grades at major intersections headed the list of structural safety features which the clubs declared they will urge as the ultimate goal for all main routes of travel.

Highway officials will be actively supported in putting such a program into effect and the demand for "safety first" highway construction will be vigorously pressed by the two clubs, the statement declared.

While giving first prominence to divided highways with grade separations, the clubs also called for an accelerated policy of eliminating curves wherever possible, flattening the crests of grades for greater visibility, an augmented railway grade crossing elimination program, increased use of reflectorized markers for separating traffic lanes, removal of advertising structures which constitute traffic hazards and stricter engineering control of installation and operation of traffic signs and signals in metropolitan areas.

Fair May Receive More U. S. Funds

Prospects of obtaining additional U. S. funds for an extensive federal participation in the 1939 exposition are excellent, fair officials report this week.

Rapid progress is being made toward the securing of additional money. Fair executives, who are at work on the project in Washington, state that various government agencies with which they are dealing are just as helpful and encouraging as they were at the beginning of the exposition plans. This is most signficant when the substantial help already received is considered.

Cook Book Idea Becoming Popular

"I've been so delighted with the idea of some day having a cook book with the names of all my friends in it that everyone I have spoken to about it has become enthused about it, too."

The above is an excerpt from a letter written to the Experienced Housefiwe Club by one of its members, Mrs. L. Lemon, 267 Los Olivos, Daly City.

The kitcheneers are all interested in the new project and, in spite of wind and rain, are gathering recipes. They are all collecting formulas for national dishes. Club members will appreciate contributions of dishes characteristic of some country other than "our own United States," and you who help build up this department of the cook book will become a waiting list member until a vacancy occurs in our ranks of thirty strong.

Group Surprises San Mateo Friends

A group of friends from Daly City motored down the peninsula, Saturday evening of last week, to San Mateo, where they pleasantly surprised Mr. and Mrs. Spencer Farrington.

Dancing was enjoyed during the evening and at a late hour a tempting supper was served to the guests: Messers and Mesdames G. Cullum, R. Antonelli, A. Cameron, A. Brush Jr., E. Domenici, W. Brush, Mrs. Mable Mansfelt, Mrs. Norma Morgan, Miss Marian Mansfelt and Fred and Frank Spingola.

HEALTH DEPT. CAMPAIGNS FOR PUBLIC WELFARE

Local Officers Successfully Control Disease In Daly City During Winter

(Continued from Page 2)

the germ in his system without getting sick, but who can transmit the germ to someone else who will get the disease.

Such a situation occurred in the local outbreak. One boy who was a "carrier" never became ill, but another small child in his family contracted the disease from him.

Diphtheria "carriers" are much harder to deal with than those persons who become ill with the disease. Diphtheria cases are easy to detect and after being treated with antitixon, the patient will recover and be free from germs. But the "carrier," regardless of any kind of treatment, often will carry the germ in his system for a long time. This requires an extended period of quarantine, which is at times difficult to enforce.

The threat of a recent epidemic was checked, and the health department is now taking steps to avoid possibilities of a future outbreak. Nurses, during their home visits, obtained the consent of parents whose children have not been immunized against diphtheria, and, Wednesday of this week, 100 school children were inoculated against diphtheria. At a future time they will also be vaccinated against small pox.

"Campaigns against disease cannot be successfully carried out without the co-operation of citizens," states Dr. Shaghoian. "The local Board of Health is sponsoring many constructive measures in the field of public welfare in an attempt to build a department of which Daly City and the peninsula may be just proud."

Prevent Corrosion

Battery terminals, because of their tendency to corrode, should be cleaned and coated with vaseline several times a year.

To clean the terminals scrape them until bright and clean carefully with a solution of baking soda and water or a weak solution of ammonia.

Idle Battery

If a storage battery is not in use it should be placed on a charging line about once every thirty days.

Internal action causes the battery to discharge its chemical energy slowly.

VISIT PLANNED

Mrs. E. M. Dorn of Risel street, Mrs. Stella Jensen and Nancy Hurley motored to San Mateo, Tuesday of this week. They were guests of Mrs. M. Tamulens, Paloma drive.

The group met with committees representing South San Francisco, San Bruno, San Mateo, Redwood City and Mountain View Auxiliaries of the V. F. W. to make plans for the official visit of the department president to Daly City, March 12.

PAY BOOST

The Aluminum Company of America will add $3,000,000 annually to its pay envelopes. The boosts were announced this week and will be made in the form of 10 per cent raises for 20,000 hourly rated employes.

BILL DELAYED

The bill providing full pay retirement for supreme court justices at the age of 70 was delayed in Congress this week, by objections of minority Leader Charles L. McNary, Republican, Oregon, and Senator William H. King, Democrat, Utah.

75 YEARS OLD

Friday of last week, Mrs. Margaret Fahy of Bellevue avenue, a pioneer of Daly City, celebrated her seventy-fifth birthday.

During the day and evening many relatives and friends called at her home to extend greetings to Grandma Fahy, as she is affectionately known.

FLOATING DOCK

Secretary of the Navy Claude A. Swanson asked this week that the bureau of the budget recommend an additional $5,000,000 for construction of a proposed huge floating dry dock for Pearl Harbor, Hawaii.

IRISH WANT AD

The following advertisement, says the Londonderry Sentinel, appeared in an Irish newspaper:

"Lost, on Saturday last, but the loser does not know when or where, an empty sack with a ham in it. On the sack the letters M. T. are marked, but so completely worn out as not to be legible."

SEAGRAM STABLE TO RACE AT TANFORAN

By J. W. MARCHBANK

Among the horses to race at the Tanforan meeting to begin Saturday, March 13, will be more than twenty owned by the Edward Seagram estate. The late sportsman passed away a few weeks ago, and it may be the famous "black and yellow" of his runners will not be seen much longer on the American turf. Mr. Seagram was one of the most important figures in breeding and racing, both on Canadian tracks and those of this country, East and West. In the last seventeen years gallopers carrying his silks won almost $1,500,000 in purses.

The Seagram horses have been campaigned on the Pacific Coast since the early twenties, first with W. H. Bringloe as trainer and later with Frank Gilpin. The stable has been at Santa Anita all winter with Stand Pat, a six year old son of Man o'War's old rival, John P. Grier, probably as the outstanding performer of the string. Stand Pat is eligible for the $100,000 race at the southern track tomorrow.

Conditioner Bringloe, in a chat at Tanforan last fall, said he was with the Seagram establishment for about a score of years. The trainer is with the H. C. Hatch stable at present and will have the Hatch horses at the spring meeting at Tanforan. Mr. Bringloe naturally takes a lot of pride in the wonderful record achieved by the Seagram string.

The late J. E. Seagram, father of Edward Seagram, was the founder of the family's position in the world of the thoroughbred. The stud farm was established at Waterloo, near Toronto, more than sixty years ago. The elder Seagram confined his racing almost exclusively to Canada, but the younger man enlarged his interests in this country.

The late sportsman was a familiar figure at Tijuana for a number of years and in1927, his best year, won the Coffroth Handicap down in Mexico with Sir Harry. Gaffsman also carried the "black and yellow" in the $100,000 race and was supposed to have more of a chance of scoring than his stable mate, but, as often is the case, the animal less thought of was first past the post.

BRIDGE FIESTA OPENING IS SET A WEEK LATER

Celebration Dates Revised In Order That Navy May Join In Program

Plans for the Golden Gate Bridge Fiesta in San Francisco, in connection with the opening of the longest single span in the world, were revised this week to provide for a seven day celebration from May 27 to June 2.

This action was taken after the formal opening of the bridge had been postponed for one week by the Golden Gate Bridge and Highway District to permit the Navy to participate in the Fiesta.

The new bridge opening dates are May 27 for pedestrians and May 28 for vehicles.

The Navy will send 150 warships to San Francisco for the greatest peace time naval demonstration ever seen in an American port. The fleet will arrive in San Francisco May 29 and would remain here a week.

The ships will come to San Francisco directly from the annual maneuvers at sea and will bring between 60,000 and 70,000 officers and enlisted men.

Plans of the navy did not provide for the fleet to come to San Francisco originally, and it was only to permit naval participation in the Fiesta that the Navy Department agreed to curtail the maneuvers one week and order the vessels to proceed here from sea.

MEMORIAL RITE FOR MEN KILLED ON GATE BRIDGE

School Children Will Take Part In Program To Pay Tribute To Workers Who Lost Lives In Service

A memorial service to the men who lost their lives on the Golden Gate Bridge was projected this week by the Citizens Committee for the Golden Gate Bridge Fiesta to be held in San Francisco from May 27 to June 2.

It is planned to pay tribute to the workers with services on the center of the span on Memorial Day in which children from many local schools will take part.

The men who gave their lives in helping to build the Golden Gate Bridge will not be forgotten. The Fiesta committee plans a beautiful ceremony in their memory, with religious exercises in which school children will participate.

The children, with bouquets and garlands of flowers in their hands, will go to the center of the great bridge on Memorial Day morning and cast these flowers into the waters of the Golden Gate below. It is proposed that this memorial service be perpetuated and held annually on the bridge so that the memory of the heroic bridge workers will never be forgotten.

Plans are also being made for the erection of a suitable plaque on the bridge, which will bear the names of the workers killed. The plaque will be dedicated on Memorial Day.

SURE THING!

Jubb—It is always the unexpected that happens.

Slupp—That's right. I remember one time that it rained after the weather bureau had predicted it.

ONCE REDWOOD CITY MANAGER TO COUNTY POST

E. A. Rolison Will Serve First As Budget Director, Then Become Executive

NEW MANAGER

E. A. Rolison
To Return to Redwood City

Ending deliberations which have extended over several months, the San Mateo County Board of Supervisors, with dramatic suddenness, Tuesday of this week, designated Ernest A. Rolison, former Redwood City manager and now REA official, as the future county executive.

At the same time they named him budget director at a salary of $250 per month, a position he will occupy as a stepping stone to the $6000 a year manager post, which he will take over "on or before June 2," after expiration May 29 of the term of Walter T. Kellogg, incumbent.

Two resolutions, passed unanimously by the supervisors, ended suspense which has developed around the managerial choice.

Board Chairman Hugh H. Smith, without saying a word, handed County Clerk Elmore B. Hinman the resolutions carrying out the board's decision, reached at a caucus meeting prior to the public session, Tuesday of this week Supervisor Fred Beer moved adoption of the resolution declaring the board's intention to designate Rolison executive. With Supervisor James S. James seconding, the mofion passed unanimously.

Immediately the next resolution was placed before the board. This measure, filling the third position on the temporary budget commission created February 15, passed unanimously, with Supervisor John Poole introducing the resolution and Supervisor James giving the second. Other members of the commission will be Supervisor James, chairman of the board's finance committee, and Controller Edward M. Stack.

How To Get Mileage Out Of Your Car

"I tell you, Joe, I'll never drive another Nameless Eight as long as I live—they swore I ought to get 24 miles to the gallon, and I can't figure how I get much more than 16."

"That's just the way with me, Bill. They told me my bus would practically run on air—and it seems as f I fill her up every time we go out."

"Well, we were just fish that's all. It's not our fault that cars won't do what they claim. We do all we can."

But it is their fault, according to William J. Sweeney, local Studebaker dealer. Bill doesn't do all he can to get mileage out of his car, and he does do, he's like the rest of us, a good many things that actually lose him mileage.

There is this habit of staying in second up to 35 miles per hour, for instance, according to Mr. Sweeney. It looks and sounds mighty impressive, but it uses up a lot of gas. Then the unwise driver guns the accelerator too hard when he's starting, and floods his engine with useless gasoline that is never turned into power.

He gets nervous feet on the gas pedal when he's waiting in traffic. He leaves his motor running when his car is standing still—an elementary but nevertheless definite waste of gasoline. Also, he runs his engine when he's going down hills, and forgets to get into the overdrive (if he has one) when he's rollng along cross country.

Kind is engendered by kind. To have friends, one must first be a friend.

ASSERT YOUTHS ROB MAN AFTER AUTO ACCIDENT

Officers Take Culprits Into Custody—During Quiz One Slips Loot Into Coat Pocket Of Officer

Having assertedly confessed robbing a man of $90 following a smash-up on Hillside boulevard, Sunday evening of this week, then later trying to hide the loot in the pocket of a policeman's coat, two youthful San Franciscans were lodged in county jail cells at Redwood City, Monday of this week.

The pair, Angelo Accamo, 20, painter, and George Polk, 17, plumber, were arrested by Patroleman Otto Schramm and Constable George Krehl.

The arrest followed accusations of Guiseppe Martini, 45, Colma, that the youths had held him down and extracted $90 from his wallet when he took the purse out to show them his operator card. Martini, Schramm said, had smashed into the youths' stalled machine on Hillside boulevard.

Schramm and Krehl, notified of the accident and hearing Martini's accusations when they arrived, took the pair to the Daly City police station. There questioning brought confession of the robbery, but denial as to knowledge of where the funds were.

Sure that the youths had the money with them when they entered the police station, the officers staged a thorough search, finally locating the loot in a pocket of an officer's coat hanging on the wall. One of the boys had apparently slipped the money there while awaiting questioning.

Accamo, police said, had been convicted previously of theft, being on probation from the Marin County Jail.

Both youths are being held in default of $250 cash bail, set by Justice of the Peace Wade H. Clay.

VISTA GRANDE PARK PLANS ARE NOW COMPLETED

Baseball Diamond, Football Field, Playground, Tennis Courts To Be Developed on Site

(Continued from page 1)

ed on the site. By the time local citizens have an opportunity to vote bonds for major improvements, a period of three or four months, these trees will be well rooted.

DEVELOPMENTS

Proposed developments in the park include a playground on the upper, easterly level. Specifications call for three tennis courts on the second level in the middle portion of the park. A baseball diamond and football field will be laid out on the lower, westerly section. Bleachers are to be constructed on the natural amphitheater side embankments of the lower park level.

The entire site will be landscaped with turf, shrubbery and trees. Benches will be provided for the comfort of park visitors. There is a probability that lights will be installed on the tennis courts to facilitate evening play.

CITY COST

Cost of the park development to Daly City is a minimal figure in comparison to the total expenditure which will be made for improvements.

The amount to be spent on the entire project stands at $82,330.64. Of that total Daly City will have to expend only $14,166.99, or less than nineteen per cent of the total. Federal and state funds are available in the amount of $68,163.65, or more than 81 per cent of the expenditure.
